# END USER PRODUCT DOCUMENTATION

Where do I get help?

Whenever you need help, you should check 'Usage' section on the first page. (shown in the picture as 1)

How do I change settings?

If you want to change the theme, higher or lower the animation speed, or configure the modules, then find the 'Options' section on the first page. (shown in the picture as 2)

How can I exit the program?

It depends on your operating system, but it is the same way you close most of your windows.(see 5)
